

RESOLUTION R10-09
A RESOLUTION TO SUPPORT CAROLINA THREAD TRAIL

Whereas **The City of Lancaster** is committed to maintaining and enhancing quality of life for its citizens and recognizes that the Carolina Thread Trail will contribute to quality of life by weaving together communities via a regional network of trails and greenways eventually connecting fifteen counties and millions of citizens; and

Whereas, many communities in our region have taken a lead in planning and/or building local trails and greenways, and those efforts can be greatly enhanced by being connected to a larger regional network of trails; and

Whereas, trails and their green buffer areas will help improve the quality of the air we breathe by preserving trees and vegetation and by promoting non-motorized transportation, and will enhance the quality of our water through natural buffers and mitigation of storm water run-off; and

Whereas, trails and greenways provide key amenities to neighborhoods and safe areas for our citizens and children to travel, exercise, play and connect with nature away from heavily trafficked areas; and

Whereas, trails have significant impact on the economic viability of the region through increased levels of tourism, enhanced property values, added jobs related to the construction of and along the trail, as well as enhanced ability to attract and retain businesses to the region due to improved quality of life; and

Whereas, trails and greenways are freely accessible community assets offering opportunities for recreation and exercise to everyone, including children, youth and families, and provide safe places for people to experience a sense of community and create stronger social and family ties; and

Whereas, there is no second chance to protect the Carolinas' great resources in this unique way for our children, grandchildren and great grandchildren, and the cost of these invaluable resources will only increase in the future; and

Whereas, private funding is available to communities from the Carolina Thread Trail for planning and construction of regional trails, and this private funding will leverage public funding from federal, state and various sources.

Now, Therefore, Be It Resolved that **The City of Lancaster** supports the Carolina Thread Trail and is committed in concept to working with neighboring communities and with the Carolina Thread Trail to plan, design and build a system of trails that will connect our communities, people and special regional points of interest for years to come.

DONE IN MEETING ASSEMBLED on the 23rd day of March, 2010, and to become effective March 23, 2010.
