

**Lake Norman Regional Bicycle Plan Presentation scheduled for Town Board meeting on February 15, 2010 @ 6:30 pm, Town Hall, Huntersville**

2/10/2010

A presentation of the Lake Norman Regional Bicycle Plan (LNRBP) will be made at the Huntersville Town Board meeting on February 15, 2010. The LNRBP is the product of a multi-jurisdictional effort involving five (5) municipalities, four (4) counties, three (3) regional planning agencies, two (2) NCDOT District offices and staff from the Carolina Thread Trail. The plan was prepared by staff from the Centralina Council of Governments (CCOG), under the direction of the NCDOT Division of Bicycle and Pedestrian Transportation, and recommends a series of on and off-road bike routes around Lake Norman, providing bicycling opportunities for both the experienced and novice biker.
