Community Foundation of Gaston County

Clean Water Management Trust Fund

WHAT IS THE SPENCER MOUNTAIN RIVER ACCESS?

Situated along the South Fork River, the 52-acre Spencer Mountain River Access hosts Catawba Lands Conservancy's first canoe/kayak launch on the South Fork Catawba River. This project initiates a plan of connecting, by river, conserved lands that will provide scenic views along the river for the enjoyment of all.

HOW LONG AND DIFFICULT IS THE TRIP?

The trip down to the R.Y. McAden River Access take out point is approximately 2 hours, 5.5 miles. River stream features vary from slow moving water with intermittent rapids where rock ledges have been carved from the river bottom to concentrated rapids at approximate mile 3.5. At times scouting may be needed to determine the best route. There is a dam approximately 5.5 miles down the river - users must exit the river on the right (river right) before the dam.

WHERE DO I TAKE OUT MY CANOE / KAYAK?

Pharr Yarns has graciously provided for a river take-out and parking for your shuttle vehicle at the R.Y. McAden River Access on Willow Drive, off Dickson Road - approximate physical address is 149 Willow Dr, Gastonia, NC 28056.

ARE THERE ANY RISKS?

Recreational river activities have inherent risks. Visitors and users knowingly assume all risks, both known and unknown. Persons using this access and engaging in activities on the South Fork Catawba River should have adequate skill, knowledge, experience and judgment to safely enjoy these pursuits.

WHAT WILL I SEE ON MY TRIP?

The South Fork Catawba River is home to a variety of wildlife, including great blue herons, osprey, beaver, and deer. Users who access the river from the Spencer Mountain River Access will paddle through some of the most ecologically diverse lands in our region, many of which are permanently protected by the Conservancy.

WHAT CAN I DO TO HELP?

Catawba Lands Conservancy is the non-profit local land trust serving Gaston and the surrounding counties. When you make a donation, we use your gift along with others from private and public sources to protect our region's special, natural places.
